Course: B.Ed.  
Session: 2019-21

Hope you and your family is safe during this COVID Situation.

As you know that your institution is a self-financed organization where we have to manage all the financial matters by our own. In order to promote education in our District and to help the students **the institutional allowed a huge discount to all the student in terms of tuition fee** against standard set by the University during this COVID period.

During this difficult situation your institute carried out all the academic and administrative functions as per the norms set by the Government. Therefore we have to incur all the cost that is required to run the institution.

In this situation **we are asking you to pay the fees due to the institute as soon as possible** so that we can send your internal marks to the University in schedule time.

Further, we are sorry to inform you that **institute will not be able to send your internal marks to the University for those students whose fees will be uncollected.**

Hope you will understand the gravity of the situation and co-operate with the institution.

Looking forward to your favorable response.

Thanking you
